VIRTUOSO
DOORS

Crafted precision

brought to you by Virtuoso Doors.

Our perfect combination of cutting edge precision engineering and a workshop filled with master craftsmen means our composite doors have incredible accuracy, stunning detailing and unrivalled quality.

Craftsmanship

(n.) The quality of design and work shown in something made by hand.

Precision engineering

(n.) The manufacture of individual pieces with extreme accuracy.

Combining advanced machinery and a team of master craftsmen with decades of experience, Virtuoso doors are the best of both worlds. They have the accuracy and detailing only high-tech tools can achieve, and the quality and finishing touches only a highly-skilled workshop team can create.

We love making doors, and we're passionate about doing it right.

The detail behind your door

Thermo Technology

The winning combination of materials in each Virtuoso composite door protects your home from thermal changes. It means your house will stay warm all winter long, saving you money on your energy bills.

Easy Maintenance

Made of the most robust GRP (Glass Reinforced Plastic) skin, Virtuoso doors offer an extended life span. With very little up-keep, they look just as good as the day they were installed after years of use.

Realistic Texture

Virtuoso doors are uniquely designed to look as close to the raw material as possible, whether that be a premium woodgrain effect or powder coated aluminium.

The Virtuoso Seal of Approval

A door only gets the Virtuoso seal of approval after rigorous quality testing at every stage of the manufacturing process. If you see the label, you know it's a genuine Virtuoso door.

Exclusive retail network

We work with a network of the UK's most elite retailers to make sure you get the best Virtuoso door installed to the highest standard in your home.

How to build your door...

1.

Choose your door style

Pick from our extensive range of door styles. Use our ranges and style guide to help find the perfect door.

Cottage

Contemporary

Virtu-AL

Stable Doors

French Doors

Need a sidelight as well? We have a range to match the door style you choose.

2.

Choose your colour

Choose from 7 standard colours, 14 superior colours and any RAL colour. Our doors can be sprayed with any RAL colour in our state-of-the-art paint studio.

Pages 12-13

3.

Choose your glass

Choose from bevelled, leaded, frosted or plain. Our door style pages show you the best suited combinations. If the glass shown isn't with your chosen door style, ask us and we'll let you know if it's available.

Remember: you can have any door in any colour, and more glass designs are available than pictured in these pages.

Personalise your door

Our state-of-the-art paint booth means your door can be the colour you want. Just let us know the RAL colour you need and we'll match it.

Colours

Virtuoso doors are sprayed by hand in a colour of your choice to ensure perfect coverage every time. We use cutting edge anti-fade technology so your door will still look fantastic in years to come.

Colours are as accurate as the printing process allows. Due to the hand painting and staining process, we can't guarantee an exact colour match between the door and the external door frame.

Glass collection

Our range of double or triple glazed glass options are hand-assembled in our workshop. The team of master craftsmen work with minimalist designs, right through to the most delicate and complex designs with outstanding results.

Triple Glazed

Hand-assembled triple glazed units provide superior heat and sound insulation for your door.

Glass Bevels*

A combination of hand-crafted glass bevels and lead added to a backing glass of your choice.

Double Glazed*

Our double glazed units are a stylish way to flood your home with light. Personalise with your choice of backing glass.

Glass Tiles

These designs incorporate kiln fused glass tiles or sparkling bevels on a sandblasted pane.

Sandblast

A sleek, frosted glass effect perfect for contemporary or traditional doors.

Lead & Film*

This hand-applied technique replicates the look of stained glass windows.

Georgian Grill*

The Georgian Grill sits on both sides of the door. Choose a backing glass to complete the look.

Resin Bevels

We use the latest technology to create complex and delicate resin designs not possible with glass.

Charcoal

Lead is a natural product, which when exposed to the environment will undergo atmospheric transformations such as oxidation. This is perfectly natural and will settle down to take on a natural weathered lead appearance.

All glazing styles depicted with an asterisk (*) require a backing glass.

The Traditional Collection

Perfect for any type of home, the Traditional collection adds classic elegance to your entranceway.
